## Neighbour Day social media for councils & community organisations

Neighbour Day is Australia's annual celebration of community, encouraging people to connect with those who live in their neighbourhood.

Whether through a cuppa, a picnic in the park, or a message of support; Neighbour Day is the perfect opportunity to say thanks for being a great neighbour and for being there to lend a hand.

Neighbour Day is celebrated on the last Sunday in March every year with the aim of fostering strong personal connections that last the whole year round.

Councils and community groups across Australia are recognised as the greatest supporters of Neighbour Day and integral to the success of the movement. Social media is one of the key success strategies for Neighbour Day year round.

Whilst Neighbour Day is celebrated on the last Sunday in March each year, every day can be Neighbour Day.

The principal aim of Neighbour Day is to build better relationships with the people who live around us, especially the elderly and vulnerable.

## Neighbour Day 2019 Theme

The principal aim of Neighbour Day is to build better relationships with the people who live around us.

For 2019, Neighbour Day's annual theme is '**Loneliness - What neighbours can do.**'

We will be looking to encourage every neighbour to identify people near them who may be vulnerable and lonely and to engage with them.

## How to be involved on Social Media

The online platforms for Neighbour Day include the [Neighbour Day website](#), [Facebook page](#), [Twitter](#) and [Instagram](#). Social media is an important vehicle for sharing stories about real human connection at the local neighbourhood level. It can inspire all of us to rise above our reserve and knock on the door of the person down the road whose burden may be lightened, or even life transformed by that small kindness.

For 2019, Neighbour Day's annual theme is '**Loneliness - What neighbours can do.**'

We will be looking to encourage every neighbour to identify people near them who may be vulnerable and lonely and to engage with them.

In keeping with the 2019 theme, this year we are encouraging organisations, councils, public figures and everyday Australians to share positive messages of what neighbours can do.

How to support Neighbour Day on social media:

- Use the social media platforms (including the Neighbour Day website) to complement each other.
- Announce all events you are co-ordinating, attending or linked to, through all the social media channels available.
